

Jews Attacking Their Own Synagogues

With evidence showing the recent synagogue attack coming out with all evidence pointing to a false flag attack the question presents itself.....Would Jews attack their own even in their places of worship to pursue their agenda of Jewish supremacy..... And the question has already been answered in history and its yes they have.

In the early 1950's there was a wave of attacks on synagogues in the Jewish community of Baghdad that were committed by a Jewish Zionist operation that was similar to the Mossad operation of the "Lavon Affair" when the Mossad recruited Egyptian Jews to commit terrorist attacks on western targets in Egypt to pursue their Geo-political agenda in the Middle East that was included within this to blame these attacks on Arab groups.

The attacks on the synagogues were a series of bombings that killed and wounded numerous Jews and the Jewish perpetrators then littered the area's with anti-Jewish pamphlets pretending to be an anti-Jewish, Arab terrorist group. They also attacked Jewish businesses and homes. The operation was stopped when the Jewish cell was arrested by the police and the Jewish operatives admitted the goal was to terrorize their fellow Jews to get them to immigrate to Israel. The other motive as stated by the Iraqi government was to "sour" relations between the western world and the Arab world for the benefit of Israel. The Jewish Mossad has tried to cover up any connections to them and the Baghdad affair but its been pointed out the operation was identical to the Lavon Affair which was a Mossad operation.

Two Jews, Shalom Salah Shalom and Yosef Ibrahim Basri were executed by the Iraqi government for their role in the terrorist attacks. The Iraqi police also found large amounts of automatic weapons, ammunition, grenades and other weapons in three synagogues that were being used as the bases for the terrorist attacks on the Jewish community as well. Which means the Rabbinical leadership of the community were involved in this operation as well.

"Shlomo Hillel, also once a member of the Iraqi Zionist underground, noted that the last words of the executed defendants were "Long live the State of Israel".[1]
